

RED DEER & REGION MANUFACTURERS DIRECTORY

The 2006 Edition of the Manufacturers Directory is based on information obtained from the Red Deer Manufacturing Survey, which is conducted annually by The City of Red Deer, with the assistance of the Red Deer Chamber of Commerce and Red Deer County.

The 207 companies within this directory are broken down by North American Industrial Classification System (NAICS). Beginning in 1997, the Standard Industrial Classification (SIC) was replaced by the **North American Industry Classification System (NAICS)**. This six-digit code provides for newer industries, but also reorganizes the categories on a production/process-oriented basis. This new, uniform, industry-wide classification system has been designed as the index for statistical reporting of all economic activities within Canada, U.S., and Mexico. Industry groups using the first 4-digits of the company's NAIC code have been outlined in this Manufacturers directory for quick access to the Red Deer Region's manufacturing sectors. A new feature of the 2005 Manufacturers Directory is the insertion of an index of NAICS to improve the end-users reference capability.

To search the names of the Manufacturer companies in the Red Deer Region please refer to the back of the directory for an alphabetical index. Each company listed in the Manufacturers Directory has been coded according to a range of the number of employees within the company and whether or not they export. One of the best features of the Manufacturers Directory 2005 is the current list of contact names and emails for each company.

CODING SYSTEM:

| | |
|---|---------------------|
| A | 1 - 25 Employees |
| B | 26 - 50 Employees |
| C | 51 - 75 Employees |
| D | 76 - 100 Employees |
| E | 101 - 150 Employees |
| F | 151+ Employees |

A written summary and analysis of the survey results can be obtained on The City of Red Deer website at www.reddeer.ca/ecomdev Once you are on the site click Economic Development Publications/ Volume III, Issue 2 - Manufacturers Report 2005.

The Manufacturers Directory 2006 encourages economic development in the Red Deer Region by providing information to new businesses interested in locating their company in Red Deer; provides an opportunity for Red Deer manufacturers to market with other manufacturers and to assist businesses in the communication/partnership process. For additional information or inquiries, Development Department (City of Red Deer) at 403.342.8106.
